The draft resolution submitted by the Manufacturers Association of British Columbia, was taken up and read clause by clause as follows:

WHEREAS consequent upon war conditions, steel shipbuilding has assumed large proportions in British Columbia within the last two years, so that it is now one of its chief basic industries;

AND WHEREAS it has always been quite apparent to anyone making even a superficial investigation of the economics of the industry that shipbuilding in British Columbia could not endure under pre-war competitive conditions and would have a serious struggle for its survival after the War;

AND WHEREAS private enterprise nevertheless embarked in the adventure and was justified in doing so on both national and economic grounds by the extraordinary shortage of tonnage and the large volume of businesses offering which appeared to assure the success of the undertaking;

AND WHEREAS the Government of the Dominion of Canada although having done nothing whatever to promote the industry, did subsequently interfere with its success by prohibiting the shipbuilders from taking orders available in large volume and at prices based on British Columbia costs and which orders would have kept the steel shipyards of British Columbia going at full capacity for from two to three years hence;

AND WHEREAS the reason advanced by the Honourable the Minister of Marine and Fisheries in justification of the action of the Government as evidenced by his statements on the floor of the House (See House of Commons debates 1918 Session, Volume 1, Pages 345-6-7-8-9-350) as well as by any other statements made to various British Columbia shipbuilders, was that it was his intention, with the approval and concurrence of the Government to embark on a permanent shipbuilding policy for the purpose of establishing a Canadian Merchant Marine, and that all Canadian Yards would be kept busy;

AND WHEREAS British Columbia shipbuilders, loyally and without protest, accepted the instructions of the Government through its Minister of Marine, although doing so brought them the loss of large Allied Government orders, and although the Honourable Minister of Marine obliged them to accept Canadian Government orders at less than the then available market price, and to change at heavy cost yard standard types of vessels previously adopted so as to conform with new designs adopted by the Department of Marine and Fisheries;

AND WHEREAS the Canadian Government has strongly evidenced its intention of carrying out the policy of the Honourable the Minister of Marine by encouraging the establishment of two entirely new steel shipyards which are yet to be laid down, one at Prince Rupert, British Columbia, and one at Victoria, British Columbia, both by virtue of contracts awarded them by the Canadian Government, notwithstanding which press reports and rumors from Ottawa indicate the possibility of abandonment by the Government of the Policy adopted by the Minister of Marine, and which abandonment

would work grave injustice to British Columbia shipyards, and aggravate an already serious unemployment problem in this Province;

NOW THEREFORE BE IT RESOLVED that this Association approves of the policy of the Honourable the Minister of Marine, in establishing a Canadian Merchant Marine and informs the Honourable the Acting Prime Minister that in the opinion of the Association the policy not only should be adhered to but that it would be a grave breach of moral obligation on the part of the Government in all the circumstances to in any way depart from the policy previously laid down, and requests the Honourable the Prime Minister to give consideration to the fact that a world wide process of equalization is going on which, within a reasonable length of time ought to place British Columbia shipyards on a more even competitive basis than at present;

AND THAT in the meantime the industry should receive a sufficient measure of support to insure its continuance, particularly since up to this time it has produced revenue to the Government, and cost it nothing to support in this Province;

FURTHER BE IT RESOLVED that a copy of this resolution be forwarded to the Honourable the Premier of British Columbia, and to the various Municipal Councils and Boards of Trade of British Columbia Cities interested in the matter, and to each of the British Columbia members of the Federal House of Commons.

Moved by Alderman Watson seconded by Alderman Evans and resolved that the above resolution from the Manufacturers Association of B.C. be endorsed by this Council.

Moved by Alderman W.J. Irwin seconded by Alderman Watson and resolved that the Board of Police Commissioners be requested to meet with the Council in Committee on Wednesday evening March 26<sup>th</sup> with reference to the estimates of the Police Commissioners for the current year.

Moved by Alderman Morden seconded by Alderman W.J. Irwin and resolved that the Treasurer be and is hereby authorized to issue a cheque to R.B. Barnes of the North Vancouver Book Company in the amount of \$14.25 in settlement of account dated February 28<sup>th</sup>.

Signed: G.W. Vance, Mayor
