That the recommendation of Alderman Wilson in Paragraph 6, page 90 of the Minute Book, the last clause of which reads "The City Engineer be given power to act in selecting his own man", should be amended to read "The City Engineer be given power to act in selecting his own man, who must be a Ratepayer in the City".

Correspondence was received, read and dealt with as follows:

From the Registrar, County Court, Vancouver, being receipt for the registration of Bylaws numbered:

1060 "The City of North Vancouver Local Improvement Debenture Consolidation Bylaw No. 1, 1929.

1061 "The City of North Vancouver Local Improvement Debenture Consolidation Bylaw No. 2, 1929.

1062 "City of North Vancouver Land Sales Bylaw 1929" Number 7".

1063 "City of North Vancouver Land Sales Bylaw 1929" Number 8".

and 1064 to 1088, being 25 Initiative Bylaws for Concrete Sidewalks, as per list formerly recorded.

Received and filed.

From the Inspector of B.C. Municipalities, being Certificate of Approval numbered C. 1346 covering "The City of North Vancouver Street Improvement and Construction Loan Bylaw 1929", Number 1051.

Received and filed.

From James Blair, 159 Keith Road West, applying for permission to build a garage on the City owned 50 foot roadway, immediately west of Lot 7, Block 113, D.L. 548, on which he has a residence erected.

The Clerk reported that the area on which it was proposed to set the garage was dedicated as a street allowance, running from the South side of Victoria Park West to 6th Street, and as such was a public highway.

Moved by Alderman Vance, seconded by Alderman Cartwright and resolved that Mr. Blair be advised that the property in question is a City street and the Council cannot grant him permission to erect a garage thereon.

From Mrs. Edith McKinnon, 259 – 27th Street East, requesting that the lane be repaired on the West side of St. Andrew's Avenue, between 26th and 27th Streets, by taking out the large rocks and filling in with gravel.

Moved by Alderman Cartwright, seconded by Alderman Wilson and resolved that the application be referred to the Board of Works Committee and City Engineer for report.

From Chas. McWilliam, 314 – 26th Street East, requesting that the water main now being laid on 26th Street to a short distance East of Ridgeway Avenue be extended to St. Andrew's Avenue, or to his address, as the water pressure on his present connection from 27th Street is extremely low.

Moved by Alderman Bridgman, seconded by Alderman White and resolved that the application be referred to the Waterworks Committee and City Engineer for report.

From Mrs. H.M. Cross, 1141 Rockland Avenue, Victoria, expressing dissatisfaction with the proposed settlement offered re Lot 2, Block 9, D.L. 265. Mrs. Cross suggests an exchange of the lot and a payment of 50¢ per yard for the gravel taken instead of accepting the City's proposal to pay for 300 yards of gravel at 25¢ per yard, or in the alternative, the choice of any City lot assessed for the same amount as Lot 2 alleged to have been damaged.

Moved by Alderman Bridgman, seconded by Alderman Wilson and resolved that the correspondence be referred to the City Solicitor and Engineer for further action.

From the Secretary of the Union of British Columbia Municipalities requesting payment of the annual fee for 1929 of \$50.00 and stating that copies of resolutions for this year's convention should be in his hands on or before August 1st next.

Moved by Alderman Bridgman, seconded by Alderman White and resolved that the Treasurer be and is hereby authorized to issue a cheque for \$50.00 in favour of the Union of British Columbia Municipalities in payment of the annual dues for 1929, and that any resolutions the City may have for consideration at the forthcoming Convention be left for preparation in the hands of the Clerk and Solicitor.

From H. Nowell, 18 Hastings Street West, Vancouver, Secretary of a Public Meeting held in the City of North Vancouver on Wednesday, May 1st, enclosing resolution protesting against the formation of a Medical Health Unit for the following reasons:

1st The purpose of such Medical Health Unit is considered to be purely a move to increase the power of, and to give emoluments to, members of the Allopathic or Medical profession and its adherents, and is not in the interest of health in its broadest sense.

2nd It is antagonistic to the belief and practice of a large proportion of the population, who by bitter experience and honest study have become convinced that, instead of health being gained by Allopathic so-called preventive medicine, which includes the dangerous immunizing tests with sera, vaccines, etc., such has frequently been the cause of premature death and permanent injury, and is therefore a serious menace to the health of the community.

3rd In view of the fact that serums and vaccines are being constantly changed as the public discover the harm resulting from their use, and this fact demonstrating the fallacy of such measures, further in view of the fact that no demand for such measures ever arose from the people, but always from the medical profession, and believing that every citizen has sovereign right to his own body, and that the bodies of our children in school should not be considered as clinical or experimental material for doctors and nurses. And further being convinced that "They that are whole need not a physician but they are sick" this faith, logically giving the death blow to so-called "Preventive Medication":

THEREFORE this mass meeting of residents of West and North Vancouver and Lynn Valley called to consider this question, request the three Councils of the North Shore to refuse the establishment of any so-called Health Unit, and that in the event of the three North Shore Councils deciding in favour of the establishment of a "Health Unit" that before definite action is taken, the matter be submitted to a plebiscite.

Moved by Alderman Bridgman, seconded by Alderman Cartwright and resolved that the communication be referred for consideration to the Special Committee investigating the unified control of Health Inspection on the North Shore.

From W.H. MacFarlane, Walkerton, Ontario, reciting former objections taken to the assessment levied on property he owns in the City, and suggesting that a report of the Special Assessment recently made by Mr. A.R. MacKenzie, be sent to all the owners of City property.

Moved by Alderman Bridgman, seconded by Alderman Vance and resolved that Mr. MacFarlane, be advised that the report of the Special Survey of City property comprises some 364 pages, his suggestions, therefore, cannot be carried out on account of the expense involved, and further assuring him that the land assessment of the City has been receiving the serious consideration of the Council for some time past.

From the City License Inspector advising that a license to operate a Billiard and Pool Room at 1439 Lonsdale Avenue had been issued to Henry Chapman, 1490 Kingsway, Vancouver, who had furnished references satisfactory to himself and the Chief of Police.

Filed.

From the City Treasurer, advising that the following purchases on Sinking Fund account had been made on the instructions of the Finance and Ferry Committees respectively:

£200.0.0	City of North Vancouver (Bylaw 178) 4 1/2 % Bonds due Sept. 1 st , 1931 at 98.49 (yield 5.15%)	\$958.63
£1300.0.0.	City of North Vancouver (Bylaw 210) 4 1/2% due March 1 st , 1932, at 98.21 (yield 5.15%)	\$6,213.42
£800.0.0.	C.N.R. (Guaranteed by the province of Manitoba) 4% Debenture Stock due June 30 th , 1930 at 98.22 (yield 5.25%)	\$3,824.04

Moved by Alderman Vance, seconded by Alderman White and resolved that the action of the Committees and the purchases be and are hereby confirmed.

From the City Engineer stating that the Parks Superintendent had recommended the purchase of a Horse at an estimated cost of \$150.00 to be used principally for grass cutting in the Parks and general Board of Works. Cost of feed estimated at \$1 per day.

Moved by Alderman Wilson, seconded by Alderman Cartwright and resolved that the recommendation be approved and a Horse purchased at an approximate cost of \$150.00.

From the City Engineer submitting two cross sections of 6th Street from Lonsdale to St. David's Avenue showing:

- (1) Street graded full width with the minimum of excavating and filling.
- (2) A 24 foot roadway with a concrete sidewalk on either side of the curb line and without the street being graded.

Moved by Alderman Bridgman, seconded by Alderman White and resolved that the consideration be referred to the Committee of the Whole.

From the City Building Inspector reporting on behalf of himself and the Fire Chief on the building at 150 -15th Street East (The Grange Infants Home) stating it is a large frame building lined inside with "V Joint" which is covered with varnishing oil, making it very inflammable. The officials expressed the opinion that the building is not suitable for the purpose of an Infants Home.

Attention was drawn to the fact that the Officials reporting had full knowledge that negotiations for the registration of the building as a "Nursing Home" had been under the consideration of the Council, and no objection had been taken by them at that time.

Moved by Alderman Vance, seconded by Alderman Cartwright and resolved that the communication be received, and Mrs. Kirkpatrick notified of the declaration of the Officials.

From the City Sanitary Inspector reporting that condition of the ditch at 17th Street and St. George's Avenue is clean, but on account of a hard-pan formation the moisture is not being absorbed. The only permanent remedy would be a Sanitary Sewer.

Moved by Alderman Bridgman, seconded by Alderman Cartwright and resolved that Mr. William Geekie, the complainant, be advised that the ditch will be kept as clean

as possible, and the laying of a concrete sidewalk in the block is under advisement as part of next year's programme.

From the Midland Pacific Terminal Ltd. regarding sewage discharge from a residence directly north of their office building. The City Engineer stated the nuisance complained of was on the property of Mr. Firth, and was caused by the operations of the Harbour Commissioners Contractors on the Waterfront, who had cut the sewer connection that was already installed.

The Engineer suggested the installation of Septic Tank at an estimated cost of \$60.00.

Moved by Alderman Bridgman, seconded by Alderman Cartwright and resolved that the complaint be referred to the Board of Works Committee and City Engineer with power to act.

From the City Engineer recommending the purchase of a second-hand Half-ton truck for use in the Sewer Department, at a cost not to exceed \$250.00, the truck to be used in taking tools needing repair to the Blacksmith Shop and general work in connection with sewers.

Moved by Alderman Vance, seconded by Alderman Bridgman and resolved that the communication be referred to the Board of Works Committee for consideration and report.

From the President of the North Vancouver Real Estate Association suggesting that on account of the recent Stock Market conditions in Oil and Mining Shares having temporarily diverted attention from Real Estate the option on City properties to that Organization be extended to August 15th, 1929, as it was possible better results in the way of sales could be obtained by that date.

Moved by Alderman Bridgman, seconded by Alderman White and resolved that the extension asked for be granted – August 15th, 1929.

From the Mayor and Tulip Festival Officials of the City of Bellingham, Washington, cordially inviting the Mayor and Members of Council and the people of this community to the 10th Annual Tulip Festival, May 9th, 10th and 11th, 1929.

Moved by Alderman Cartwright, seconded by Alderman Bridgman and resolved that the invitation be accepted with thanks, and as many members of the Council attend as possible.

From the North Vancouver Junk Co. requesting an opportunity to quote on any junk the City may have for sale.

Reference was made in the Council to a recent offering of scrap pipe and equipment by the City Ferries which could be quoted on if still unsold.
