Following examination the Engineer reported that the walk had been properly constructed in the first instance.

Moved by Alderman Wilson, seconded by Alderman Brown and resolved that the communication be referred to the Solicitor with power to act.

Moved by Alderman Wilson, seconded by Alderman Brown and resolved that the Collector give the requisite six months notice to Mr. John Bull provided for in Section 248 of the "Municipal Act" in respect of the delinquent taxes and interest and the current year's taxes totalling in all at this date \$1,962.72 upon the one hundred and fifty feet of foreshore in front of Mission Indian Reserve No. 1.

From John Bull Coal and Supplies applying for rough filling free of charge to be used for trackage at the John Bull Wharf in front of the Mission Indian Reserve – the material to be taken from Lots 17 to 20, Block 36, D. L. 552 – property that was formerly held under Agreement for sale by John Bull and since Quite claimed to the City.

The Engineer said he was opposed to the application on the grounds that while the property was held by Mr. Bull considerable hauling had been done and a deep hole left into which the overhanging bank might fall at any time thereby endangering property on the higher levels.

Moved by Alderman Wilson, seconded by Alderman Huggett and resolved that the application be not entertained.

From Mrs. H. Walter, 151 16th Street West, applying to have the Willows cut down surrounding her property – Lot 21A of 21 to 27, Block 38, D. L. 548.

The Engineer declared the buckets were of no value to the City and had been lying at the site for some years.

Moved by Alderman Brown, seconded by Alderman Cartwright and resolved that Mr. Ducommun's offer be accepted to purchase as many of the buckets as he requires.

From A. E. T. Eckford, applying for some help in cleaning up the one hundred and thirty-two feet of prize boulevard fronting on his property – damaged as a result of the City constructing a sidewalk and a sewer.

On motion Mr. W. J. Elder was heard in support of the application. Mr. Elder said there was considerable competition among the various lodges to stage this annual event and it was now five years since the North Vancouver Lodge had the honour. There was some expense to be borne by the Advisory Committee in getting the Vancouver members here and if the Council would grant free transportation one way he was reasonably sure the service could be arranged to be held in this City.

Moved by Alderman Huggett, seconded by Alderman Cartwright and resolved that the application for free transportation for those taking part in the parade from Vancouver to North Vancouver be granted.

From the Secretary of the U.B.C.M. advising that this year's Convention will be held at New Westminster – that resolutions to be considered should be submitted before the 1st of August, and that the annual fee of \$50.00 was now due.

From the City Solicitor with reference to the proposals of the North Vancouver Residents and Ratepayers Association regarding the disposal of tax sale property held by the City – advising that the Council has no power to make a gift to any person of Municipal property – likewise it has no power to dispose of a property of value for a merely nominal sum.

Moved by Alderman Wilson, seconded by Alderman Brown and resolved that the communication be received and filed and a copy of the Solicitor’s opinion forwarded to the Association.

From the North Vancouver Residents and Ratepayers Association, reiterating the opinion formerly expressed that any increase in ferry rates would be considered by that body inimical to the best interests of the City and again expressing disapproval of any grant being made to any person or persons for publicity purposes.

Moved by Alderman Brown, seconded by Alderman Cartwright and resolved that the communication be received and filed.

The Engineer reported that a similar condition obtained in the corresponding block on Twenty-Fourth Street and that a connection could be made with the High School sewer at Twenty-Third Street.

Moved by Alderman Wilson, seconded by Alderman Huggett and resolved that the Engineer prepare and submit to Council a report on the estimated cost of installing a sewer under the Local Improvement plan together with a report on the number of lots held by the City within the proposed area.

The Engineer submitted a Local Improvement report covering the proposed construction of a Twenty-four inch Storm Sewer on Ridgeway Avenue and in Blocks – eighty-two (82) seventy-seven (77) and fifty-eight (58) D. From the Building Inspector advising that he had refused to grant a building permit for the erection of a Gas Service station on Lots 3, 4, and 5, Block 68, D. L. 271 and that the applicant was appealing to the Board of Appeal provided for in Section 16 of the Town Planning Act – the property in question being located in a Class “B” residence district in which Service stations are not permitted under the City’s Interim Zoning By-law.
