FILED

From the Engineer recommending that section 8 of Plumbing Bylaw 1244 be amended by striking out the following words "either as a master plumber or as a journeyman plumber."

Moved by Alderman Anderson seconded by Alderman Huggett and resolved that the recommendation be adopted and the Bylaw amended accordingly.

Reference was hereupon made to the action of the Board of Harbour Commissioners in roping off a portion of the low level road on Tuesday, December 13<sup>th</sup> last, and causing citizens who had occasion to use the road to sign the following permit.

December 1932

"I/We.....hereby apply to the Vancouver Harbour Commissioners for permission to enter upon and traverse their waterfront roadway, from the Esplanade to Moodyville, North Vancouver"

Permission granted to the above applicant.

VANCOUVER HARBOUR COMMISSIONERS  
per: W.J. Enwright,  
Acting Secretary

Mayor Bridgman in commenting upon the situation stated that the Harbour Board has nearly one and one-half miles of waterfront, not improved, on which the City loses over \$60,000.00 a year in taxes. The City gave four street ends to the Harbour Board for nothing and granted it the right to build a tunnel under the Esplanade. In addition, the City had expended some \$8,000.00 in putting in a water main to serve the area and \$52,000.00 on a concrete highway. In preventing free access to this Highway, the Harbour Board were guilty of trespass, their act being illegal and very high handed, it showed a dishonest intention to take something which belongs to the City and which cost the City \$52,000.00. Their action leaves no doubt that the Harbour Board if they could, would steal this road and take it from the City. As this is a legal matter, I recommend that this Council instruct the City Solicitor to take immediate action to protect the City's rights.

Moved by Alderman Huggett seconded by Alderman Brown and resolved that this Council adopt the recommendation of His Worship the Mayor and the Solicitor be and is

hereby instructed to take whatever action is necessary to protect the rights of the City and further that the Solicitor prepare an amendment to the Municipal Act for submission through the Union of B.C. Municipalities whereby land and improvements held by the Harbour Board and registered in the right of the Crown shall be liable for assessment, taxation and recovery of taxes in the same manner as other lands and improvements held under lease excepting the right of tax sale.

From the Board of School Trustees advising that they presume the Government grants for the months of November and December would be applied towards liquidation of teachers' salaries.

Moved by Alderman Anderson seconded by Alderman Huggett and resolved that the communication be referred to the Finance Committee on the understanding that the present policy of Council with respect to payment of teachers' salaries will be continued.

From the Board of School Trustees advising that the following resolution with regard to teachers' salaries has been adopted.

"RESOLVED that salaries of Teachers be reduced in the sum of 10%, calculated on rates being paid at December 31, 1932, said reduction to remain in effect during the year 1933; or until such time as a Provincial Standard Salary Schedule has been adopted and becomes effective.

Moved by Alderman Anderson seconded by Alderman Cartwright and resolved that the Board be thanked for the information and the communication referred to the 1933 Council.

From the St. Andrews and Caledonian Society the following resolution:

'RESOLVED that the membership of the St. Andrews' and Caledonian Society of North Vancouver, as a result of representations made to them, have decided that the new scale of relief for Unemployed as promulgated by the Provincial Government and detailed in the press as coming into effect on the first of December, is wholly inadequate, and that they are of the opinion that any attempt to enforce the acceptance of such a schedule can only result in the further demoralizing of our destitute citizens by compelling them to live on a scale which does not provide for human subsistence compatible with modern standards."

AND THAT WE hereby recommend and request the City Council of North Vancouver to take a very determined stand in refusing to accept this new schedule and to require of the Provincial Government and of the Government of Canada, that the said schedule be amended and amplified to such an extent that at least the minimum requirements of a civilized existence be accorded to those of our fellows who have preceded us into the ranks of the unemployed.

Moved by Alderman Anderson seconded by Alderman Huggett and resolved that copies of the resolution be forwarded to the proper authorities at Ottawa and Victoria, and the

Society advised that the Council has done all in its power to protect to the Government the inadequacy of the present scale of relief and the treating of all Municipalities under a blanket scale of administration.

From the Fire Chief Submitting report of the Department for the month ended November:

Alarms	7
Total risk	\$3,500.00
Total Insurance	\$2,500.00
Total loss	735.00

RECEIVED AND FILED

Moved by Alderman Anderson seconded by Alderman Cartwright that the reference be filed.

Moved by Alderman Huggett seconded by Alderman Brown that the suggestion be referred to the 1933 Council.

#### SPECIAL COMMITTEE

Alderman Anderson reporting on today conference at Victoria between the Executive Council and the Municipal representatives declared that the Government were conscious of the fact that the present scale of relief was too low but held out little hope that there would be any immediate relaxation of the present regulations. Like ourselves the Government were confronted with a sharp decline in revenues and a prospect of mounting taxes and would not readily agree to a reversion to the relief scale in force previous to December 1<sup>st</sup>, or until such time as a more efficient scale had been brought into operation. The Municipal representatives got a most considerate hearing and the members of the Government seemed to be impressed with the representation that had been made. While in Victoria, Alderman Anderson took the opportunity of laying the City's case before the Government telling exactly how the City stood.

Moved by Alderman Cartwright seconded by Alderman Huggett and resolved that the report be received and Alderman Anderson thanked for his services.
