Submitted by: Councillor Buchanan

Moved by Councillor Buchanan, seconded by Councillor Keating

**WHEREAS** a stable and secure housing system that creates and maintains jobs and allows for a range of living options is essential to attracting new workers, meeting the needs of young families and supporting seniors and our most vulnerable citizens;

**WHEREAS** the high cost of housing is the most urgent financial issue facing Canadians with one in four people paying more than they can afford for housing, and mortgage debt held by Canadians now standing at just over \$1.1 trillion;

**WHEREAS** housing costs and, as the Bank of Canada notes, household debt, are undermining Canadians' personal financial security, while putting our national economy at risk;

**WHEREAS** those who cannot afford to purchase a home rely on the short supply of rental units, which is driving up rental costs and making it hard to house workers in regions experiencing strong economic activity;

**WHEREAS** an inadequate supply of subsidized housing for those in need is pushing some of the most vulnerable Canadians on to the street, while \$1.7 billion annually in federal investments in social housing have begun to expire;

**WHEREAS** coordinated action is required to prevent housing issues from being offloaded onto local governments and align the steps local governments have already taken with regard to federal/provincial/territorial programs and policies;

**WHEREAS** the Federation of Canadian Municipalities (FCM) has launched a housing campaign, "Fixing Canada's Housing Crunch", calling on the federal government to increase housing options for Canadians and to work with all orders of government to develop a long-term plan for Canada's housing future;

**WHEREAS** the FCM has asked its member municipalities to pass a Council resolution supporting the campaign; and

**WHEREAS** our community has continuing housing needs, such as for single parent families, the working poor and vulnerable seniors that can only be met through the kind of long-term planning and investment made possible by federal leadership;

Submitted by: Councillor Heywood

Moved by Councillor Heywood, seconded by Councillor Clark

**WHEREAS** the Provincial Government's recent effort to reform local government elections did not deal with the source of election campaign funds;

**AND WHEREAS** the appearance of a conflict of interest is created when developers and unions that make significant contributions to election campaigns of candidates for Council also have matters that come before Council and that whether or not these conflicts are permitted in law, they harm the reputation of Council and impair the legitimacy of its decisions;

**BE IT RESOLVED THAT** while this resolution does not have the force of law, the City of North Vancouver strongly urges all candidates for election to Council to abstain from accepting donations from developers with projects or potential projects before Council or from labour unions that represent employees of the City; and
